09 — PERFORMANCE ANALYSIS

Charts use the same simulated 10-day dataset documented in the KPI tracker.

10 — KEY INSIGHTS

01 — REELS

Relatable short-form video generated strong reach and engagement in the simulated dataset.

02 — EDUCATIONAL CONTENT

Educational carousel content can support saves and shares by providing useful, reusable information.

03 — ENGAGEMENT CONTENT

Polls and A/B formats provide opportunities for direct audience interaction.

04 — CONTENT OPTIMIZATION

Future campaigns should continue testing Reel concepts while maintaining useful educational content.

11 — NEXT STEPS

01 **Test additional Reel hooks and formats.**

02 **Create more practical styling guides.**

03 **A/B test different CTAs.**

04 **Use content-level performance data to optimize the content mix.**
